If you've fallen behind on debt, you might have considered declaring bankruptcy. Filing for bankruptcy is a serious decision and may not be your best option. The clinic will cover the basics of bankruptcy including the benefits and risks of filing, what to know before filing, and the different kinds of bankruptcy (Chapters 7 and 13).

To find out if you are eligible for our free, pro se (you represent yourself) bankruptcy clinic, call Idaho Legal Aid Services, Inc. Thursdays between 1:00 p.m. and 3:00 p.m. at 345-0106, extension 1500. If eligible for this clinic, you will receive free legal education about the bankruptcy process and how to complete the necessary forms. See the attached flyer for details.
